

HOW TO INSTALL BILLBOARD

- Separate ① the BILLBOARD FRAME SUPT-B inside the BILLBOARD FRAME. [M6, 2EA]

- After disassembly, assemble it so that it is in the bottom position. [Bolt reuse]

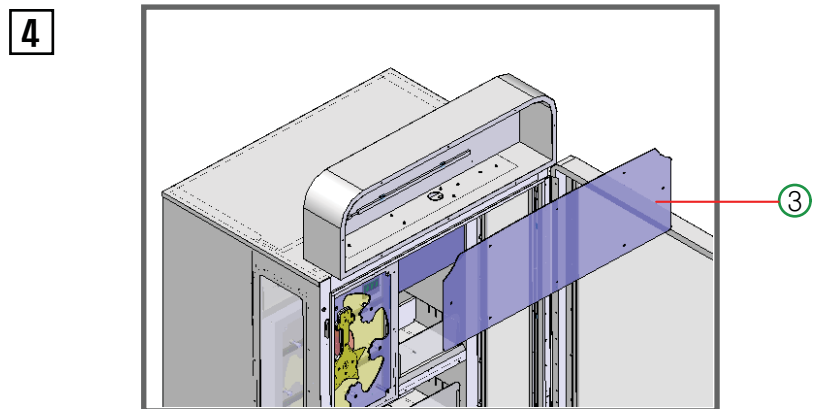

- After that, you will find ② main cabinet support cover brackets when you open front door.

Please disconnect M4 bolts in 2 spots using a tool.

- After disconnecting M4 bolts, please connect the billboard connector with cabinet connector as shown in the photo.

- Complete the billboard installation by assembling ② the main cabinet top support cover bkt & ③ BILLBOARD FRAME COVER ACRYL.
